** Not calculated when there are fewer than 25 candidates in a category.

*** The statistics here are for examinees who have studied Japanese for 2-3 years. The data collected for this table did not distinguish between 2 and 3 years of study for Japanese.

**** Technically, there are no native speakers of Latin. The examinees in this category did not study Latin primarily in grades 9-12. Their knowledge of Latin came from study prior to the ninth grade, courses taken at a college or special study.
